

CONNECTICUT STATE DEPARTMENT OF EDUCATION

Using Data to Develop Guidance for Selecting Supports, Accommodations, and Assessments

Performance Matters Forum
September 11, 2018

Agenda

- Summative Assessment Options
- Eligibility for the Connecticut Alternate Assessment System
- Accessibility Features and Accommodations
- Resources

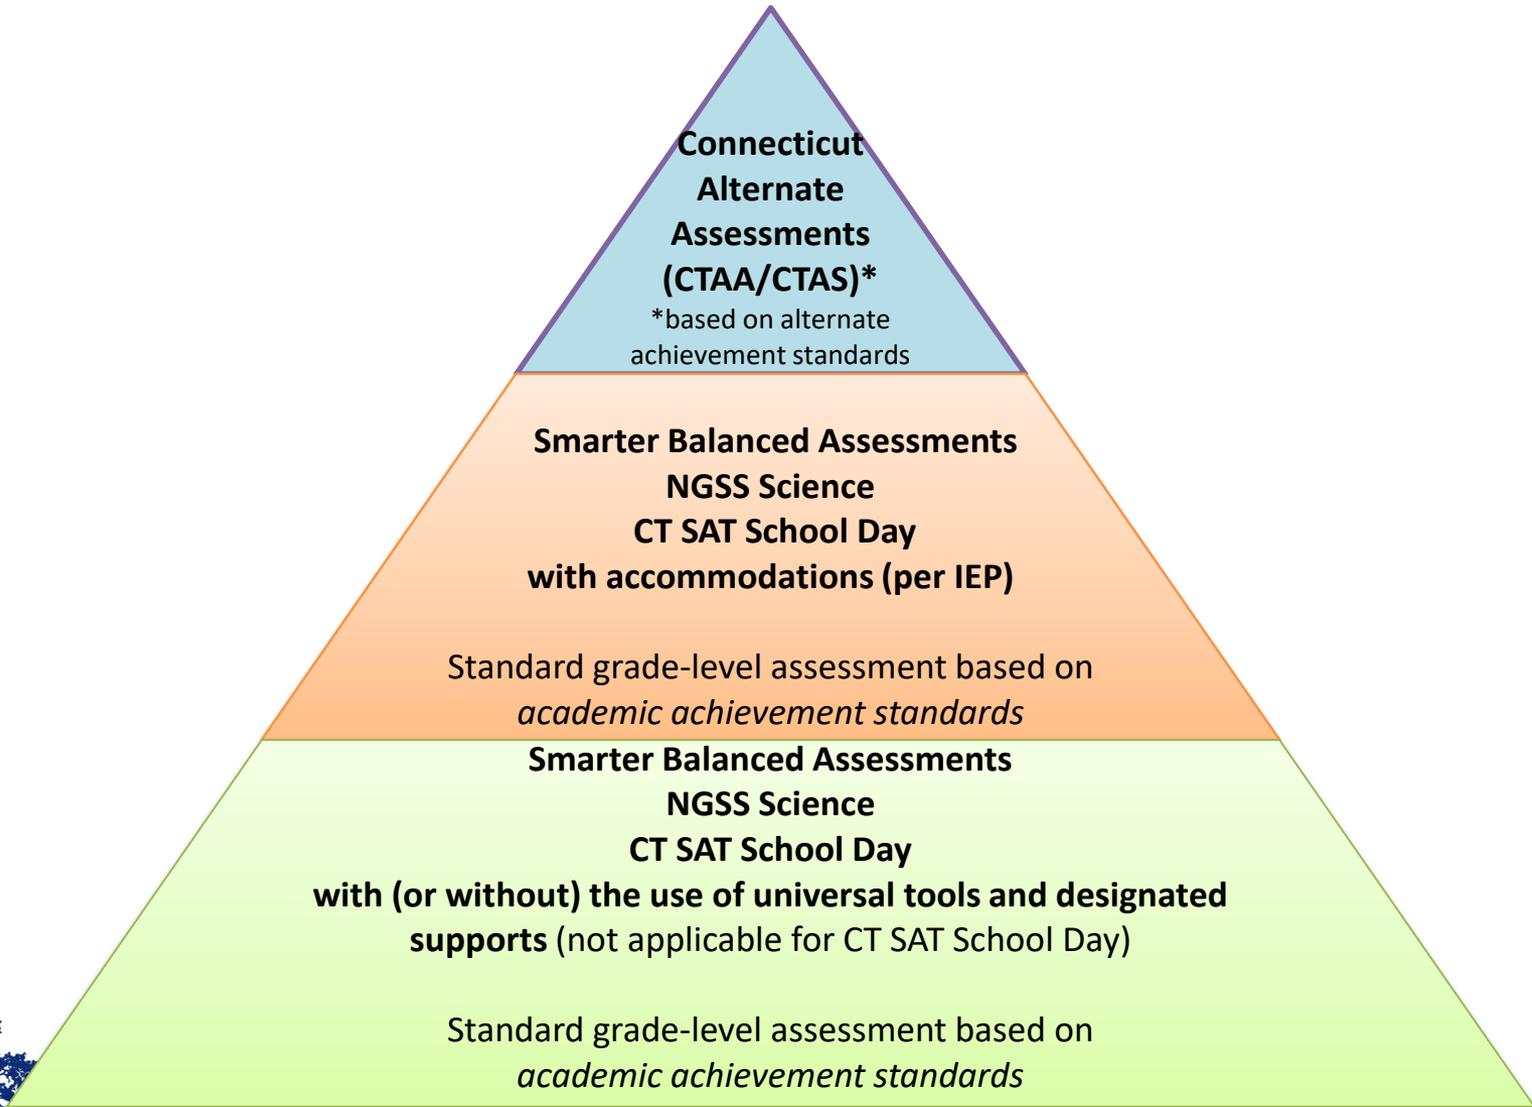

CONNECTICUT STATE DEPARTMENT OF EDUCATION

Connecticut's Statewide Summative Assessment Options

Connecticut's Summative Assessment Options

Standard Assessments

Assessment	Subject Area	Grades
Smarter Balanced	ELA and Math	Grades 3-8
Next Generation Science Standards (NGSS)	Science	Grades 5, 8, and 11
CT SAT School Day	ELA and Math	Grade 11
LAS Links	English Proficiency	Identified English Learners in Grades K-12

Alternate Assessment System

Assessment	Subject Area	Delivery	Grades
Connecticut Alternate Assessment (CTAA)	ELA and Math	Secure Test, Online via TIDE Test Delivery System	Grades 3-8 and 11
Connecticut Alternate Science Assessment (CTAS)	Science	Non-Secure Test, Performance Tasks, Student ratings submitted via Data Entry Interface (DEI)	Grades 5, 8, and 11

CTAA Accessibility Features

The *CTAA System User Guide* describes the accessibility features and explains how to enable them during the test.

Accessibility Features support student access to the test and are either

- (a) built into the CTAA Assessment System,
- (b) typically available on a computer, and
- (c) enabled by the student or TEA at the time of testing, or
- (d) are provided by the TEA.

The test is designed to have all passages, items and response options read to the student, either by the Text to Speech feature or the TEA. Assistive technology in general is supported by the Test Delivery System but should be tested with the practice site prior to administration.

CONNECTICUT STATE DEPARTMENT OF EDUCATION

Eligibility for the Connecticut Alternate Assessment System

CTAA and CTAS Eligibility

- Criteria reflect the **pervasive nature of a significant cognitive disability**
- PPT makes assessment decisions
- IEP includes **detailed evidence** of
 - significant cognitive disability
 - content learned based on grade-level standards; and
 - extensive direct individualized support needed

CTAA and CTAS Eligibility Flowchart

Connecticut Alternate Assessment System Participation Guidance for Planning and Placement Teams

This document should be used prior to planning and placement team (PPT) meeting for discussion

Considerations:

- Records that include results of individual cognitive ability tests, adaptive behavior skills assessments, achievement tests, districtwide assessments, English learner assessments if applicable.
- Examples of curriculum, modifications and accommodations, instructional objectives, and materials, work samples from school or community-based programs.
- The student (a) requires extensive, repeated, individualized instruction and support that is not of a temporary or transient nature and (b) uses substantially adapted materials and individualized methods of accessing information in alternative ways to acquire, maintain, generalize, demonstrate and transfer skills across multiple settings.

Begin here:

Is the student receiving special education services and has an active IEP?

YES

NO

If YES, continue to next 3 qualifying questions

1. Does the student have a significant cognitive disability?

YES

NO

2. Is the student learning content linked to (derived from) the Connecticut Core State Standards and the Next Generation Science Standards?

YES

NO

3. Does the student require extensive direct individualized instruction and substantial supports to achieve measureable gains in the grade and age appropriate curricula?

YES

NO

If you answered YES to ALL questions, the student qualifies to participate in the Connecticut Alternate Assessments

Connecticut Alternate Assessment System Includes:

- Connecticut Alternate Assessment (CTAA) in Language Arts and Mathematics for Grades 3-8 & 11
- Connecticut Alternate Science (CTAS) for Grades 5, 8 & 11

NO

STOP

Student is not eligible for any Alternate Assessment and must be assessed with Connecticut standard assessments with designated supports and accommodations as appropriate.

CONNECTICUT STATE
DEPARTMENT OF EDUCATION

2017-18 Number of Students by Primary Disability Category Taking the CTAA

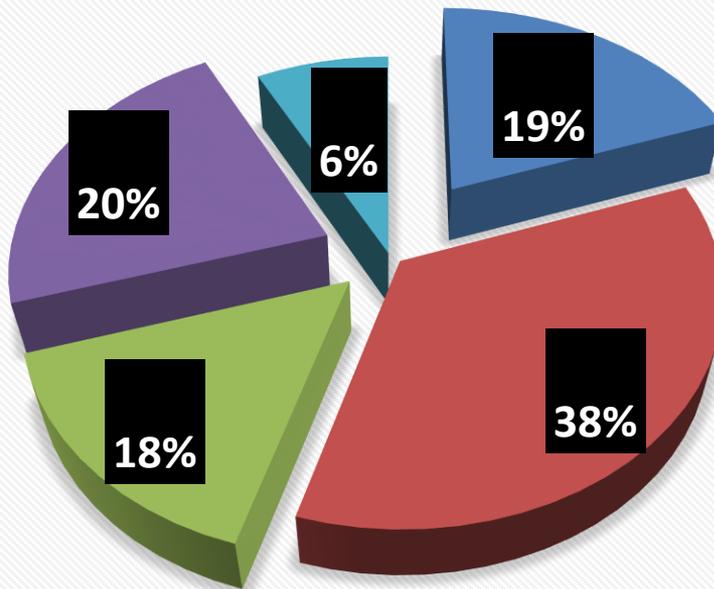

Student's Primary Disability Category	Total	Percentage of all Students in Primary Disability Category Taking the CTAA	Total SPED (3-8 & 11) with this Primary Disability Category	Percentage of Total Number of Students with this Primary Disability Taking the CTAA
Autism	1797	35.0%	5132	35%
Emotional Disturbance	64	1.8%	3527	1.2%
Multiple Disabilities	1125	66.5%	1693	21.9%
Orthopedic Impairment	4	16.0%	25	.1%
Speech or Language Impairment	140	3.0%	4595	2.7%
Other Health Impairment	226	8.7%	2596	4.4%
Deaf-Blindness	2	25%	8	.0%
Hearing Impairment (Deaf or Hard of Hearing)	13	4.1%	314	.3%
Specific Learning Disabilities	264	1.4%	18304	5.1%
Traumatic Brain Injury	19	36.5%	52	.4%
OHI-ADD/ADHD	128	1.6%	7825	2.5%
Intellectual Disability	1292	90.2%	1432	25.1%
Specific Learning Disabilities/Dyslexia	57	6.3%	911	1.1%
Visual Impairment	8	9.8%	82	.2%

2017-18 Number of Students by Primary Disability Category Taking the CTAA

Student's Primary Disability Category	Total	Percentage of all Students in Primary Disability Category Taking the CTAA	Total SPED (3-8 & 11) with this Primary Disability Category	Percentage of Total Number of Students with this Primary Disability Taking the CTAA
Autism	1797	35.0%	5132	35%
Emotional Disturbance	64	1.8%	3527	1.2%
Multiple Disabilities	1125	66.5%	1693	21.9%

Visual Impairment	8	9.8%	82	.2%

2017-18 LCI Student Characteristics Based on Preliminary Data

What is the student's primary classroom setting?

Key

Special School

Regular School (self-contained, some inclusion)

Regular School (primarily self-contained, some academic inclusion)

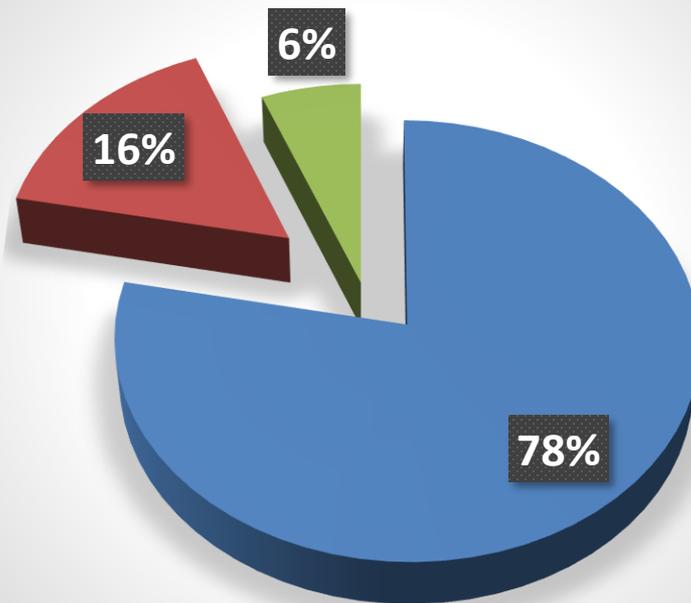

Regular School (resource room, general education)

Regular school (general education classroom)

2017-18 LCI Student Characteristics Based on Preliminary Data

Expressive Communication

Key

Uses symbolic language to communicate.

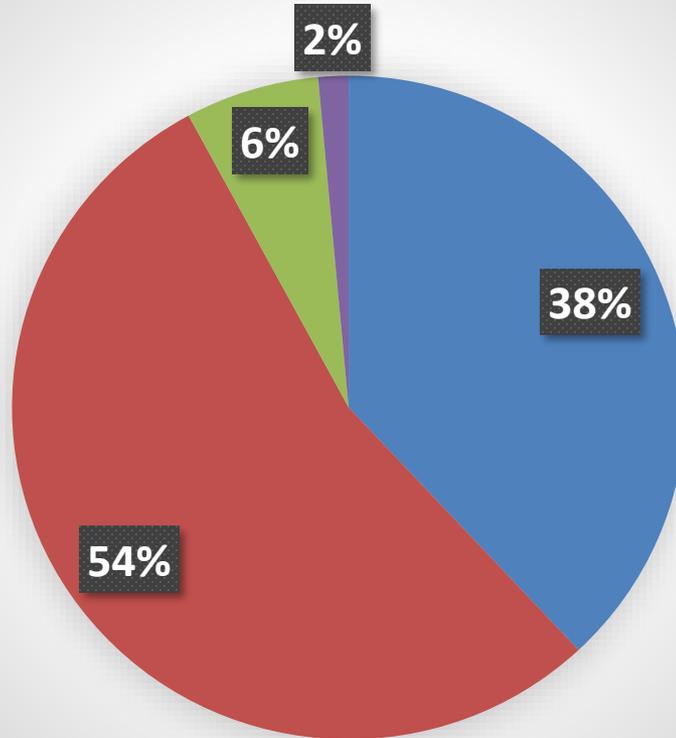

Uses intentional communication, but not at a symbolic language level.

Student communicates primarily through cries, facial expressions, change in muscle tone, etc.

2017-18 LCI Student Characteristics Based on Preliminary Data

Receptive Language

Key

Independently follows 1-2 step directions.

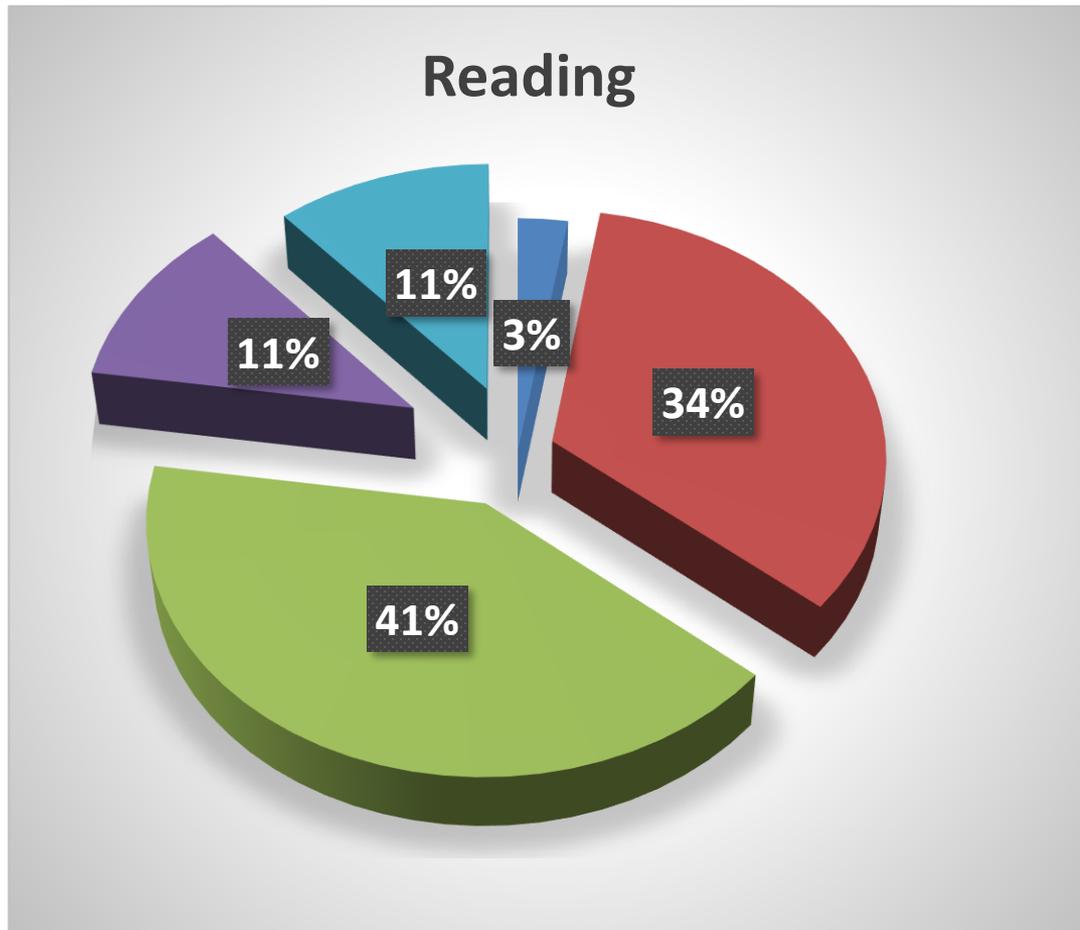

Requires additional cues (e.g., gestures, pictures, objects).

Alerts to sensory input from another person.

Uncertain response to sensory stimuli.

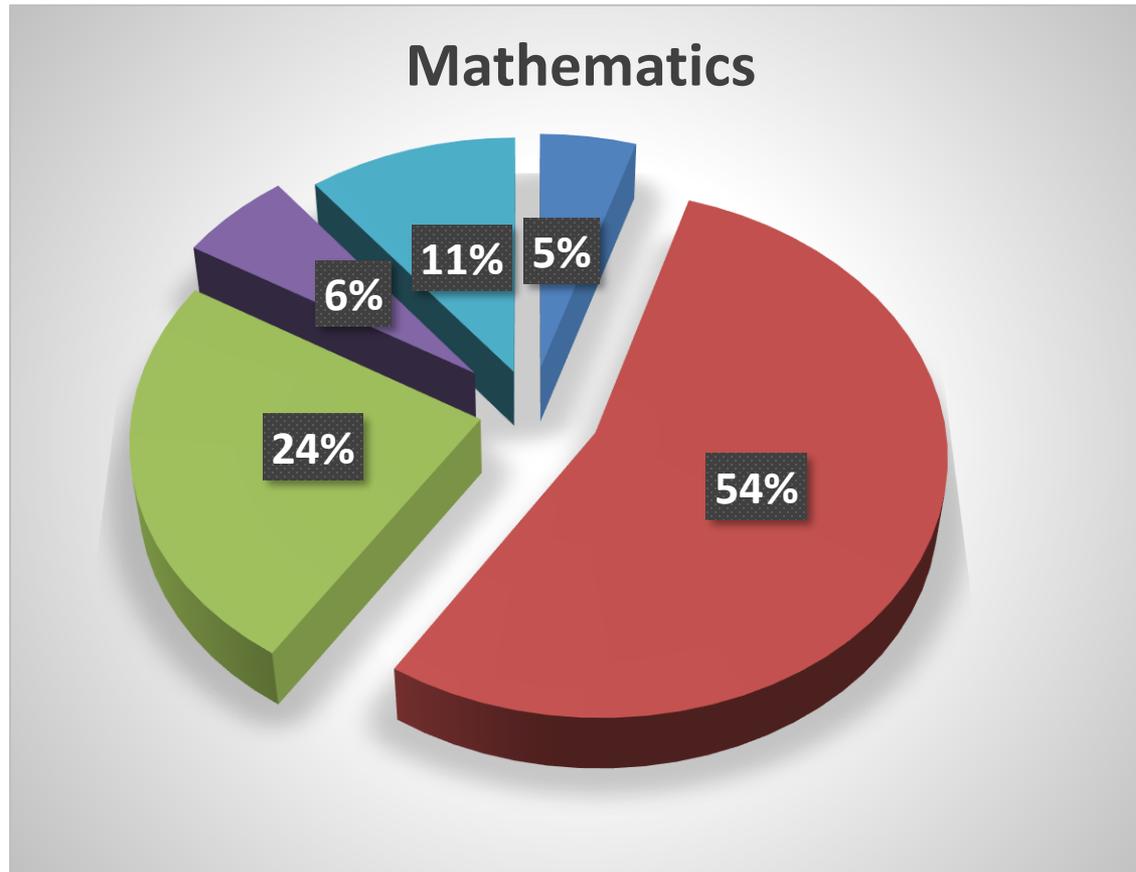

2017-18 LCI Student Characteristics Based on Preliminary Data

Key
Reads fluently with critical understanding in print or braille.
Reads fluently with basic (literal) understanding.
Reads basic sight words, simple sentences, & directions.
Awareness of text/braille, follows directionality, makes letter distinctions.
No observable awareness of print of braille.

2017-18 LCI Student Characteristics Based on Preliminary Data

Key

Applies computational procedures to solve real-life or routine word problems.

Does computational procedures with or without a calculator.

Counts with 1:1 correspondence to at least 10, and/or makes numbered sets of items.

Counts by rote to 5.

No observable awareness or use of numbers.

The Learner Characteristics Inventory

Connecticut State Department
of Education

Required for Participation in the
Connecticut Alternate Assessment System

Learner Characteristics Inventory (LCI)

Alternate Assessment Eligibility Criteria

Student must meet **all 3** criteria components to participate in the Alternate Assessment System.

Evidence-Based Criteria	Criteria Descriptors
1. The student has a significant cognitive disability.	Review of student records indicates a disability or multiple disabilities that significantly impact intellectual functioning and adaptive behavior. <i>*Adaptive behavior is defined as essential for someone to live independently and to function safely in daily life.</i>
2. The student is learning content linked to (derived from) the Connecticut Core Standards (CCS) and the Next Generation Science Standards (NGSS).	Goals and instruction listed in the IEP for this student are linked to the enrolled grade-level CCS and NGSS, which address knowledge and skills that are appropriate and challenging for this student.
3. The student requires extensive, direct, individualized instruction and substantial supports to achieve measureable gains in the grade- and age-appropriate curricula.	The student (a) requires extensive, repeated, individualized instruction and support that is not of a temporary or transient nature, and (b) uses substantially adapted materials, and individualized methods of accessing information in alternative ways, to acquire, maintain, generalize, demonstrate, and transfer skills across multiple settings.

VERIFICATION SECTION

1. I verify that supporting evidence related to the student's assessment options was discussed at the PPT on _____ (date of PPT) to determine eligibility for participation in the Connecticut Alternate Assessment System.
2. Evidence reviewed during the PPT was used to determine that:
 - Ⓐ The student meets all three evidence-based criteria for participation in the Alternate Assessments.

This student is eligible for and will participate in the Alternate Assessments during the current school year as indicated on Page 9 of their Individualized Education Program (IEP).

If the student does not meet all three evidence-based criteria for participation in the Alternate Assessments, this student will participate in the standard statewide assessments with needed supports and accommodations (as needed) during the current school year as stated on Page 9 of their Individualized Education Program (IEP).

All accommodations, including assistive technology, should be reflected on Page 8 of the IEP for instruction and standard/alternate assessment.

I am the student's primary special education teacher and that I have met the requirements for the current school year's Connecticut Alternate Assessment System Training.

Special Education Teacher Completing Form:

Name: _____ Last Name: _____

ED#:

Address: _____

Entered into the Data Entry Interface (DEI)

Alternate Assessment Program Portal: _____

Process for Completing the LCI

The Trained Educator Administering the Alternate Assessment (TEA)

- Compete DRAFT of LCI & gather evidence to support decisions prior to PPT
- Bring DRAFT LCI to PPT to determine eligibility
- TEA submits LCI through the Data Entry Interface by deadline
- COMPLETED and SUBMITTED LCIs via the DEI activate the AltFlag in TIDE, which activates the CTAA
- Students who participate in the CTAA also take CTAS in Grades 5, 8, or 11.

Considerations for PPT Decision Making

- What type of evidence is included throughout the IEP (i.e. Present Levels of Performance, Goals/Objectives, Support and Accommodations, Assistive Technology, Augmentative and Alternative Communication) that address access to instruction and assessment?
- How does a student qualify for the alternate assessment?
 - Determined through the PPT decision-making process

Considerations for PPT Decision Making

- Study the primary disability categories of students participating in alternate assessments.
 - Research shows students identified for the alternate have primary disability categories of Intellectual Disability, Autism, Traumatic Brain Injury, or Multiple Disabilities.
- Do data reveal students in other primary disability categories such as Specific Learning Disabilities, Emotional Disturbance, OHI-ADD/ADHD, or Speech & Language Impaired?
 - Gather strong evidence and include in PPT process.
 - May be more appropriate to take standard assessments with supports and accommodations.

LCI Submission Deadlines

LCI Deadline to Facilitate Roster Development	Grade	Purpose
December 21, 2018	3-8, 11	English Learners; Rosters for LAS Links
January 18, 2019	Grade 11	Rosters for CT SAT School Day, Science, CTAA/CTAS
February 1, 2019	Grades 3-8, 11	Rosters for Smarter Balanced, Science (Grades 5 & 8), and CTAA/CTAS

LCIs submitted beyond these dates will require additional verification to allow access to the appropriate assessments.

CONNECTICUT STATE DEPARTMENT OF EDUCATION

Accessibility Features and Accommodations for Connecticut Statewide Assessments

Universal Tools: Available to ALL students

Embedded

- Breaks
- Calculator (Math Grades 6-8; Science Grades 5, 8, & 11)
- Digital Notepad
- English Glossary[^]
- Expanded Passages/Stimuli
- Highlighter
- [Keyboard Navigation](#)
- Line Reader
- Mark for Review
- Math Tools
- Strikethrough
- Writing Tools
- Zoom

Non-Embedded

- Breaks
- Scratch Paper/whiteboard with marker

[^] NOT available for Science

Designated Supports: Available to ANY student with a need determined by educators

Embedded

- Color Contrast
- Masking
- Mouse Pointer
- Print Size Online
- Streamline *New*
- Text-to-Speech- Science, Math & ELA Non-Reading Passages
- *Translations-Math (Glossary)
- *Translations-Math (Stacked)
- *Translation Test Directions (Math, Spanish)
- Turn off any universal accessibility tool

Non-Embedded

- Amplification
- *Bilingual Dictionary (Science)
- Color Contrast
- Color Overlay
- Magnification Device
- *Native Language Reader Directions (Science)
- Noise Buffering
- Read Aloud
- *Read Aloud in Spanish (Math)
- Separate Setting
- Simplified Test Directions[^]
- *Translation Glossary (Math)
- *[Translation Test Directions](#)[^]

*Intended for English Learners (EL)

[^] NOT available for Science

Accommodations: Available to students with an IEP or 504 Plan

Embedded

- American Sign Language (Video)[^]
- Braille Embosser (Math & ELA: Contracted, Uncontracted)[^]
- Braille Transcript (ELA Listening)
- Closed Captioning (ELA Listening)
- Refreshable Braille (ELA: Contracted, Uncontracted) [^]
- Text-to-Speech ELA Reading Passages (Grades 3-8)

[^] NOT available for Science

~ Requires Trained Educator

Requires Petition for Approval of Special Documented Accommodations

Non-Embedded

- [100s Number Table](#) (Grades 4-8)
- Abacus
- Alternate Response Options
- Braille Booklet
- Braille supplemental math booklet for online fixed form test
- ~ # *Human Signer for ELA or Math Items*
- ~ # *Human Signer for ELA Reading Passages (Grades 3-8)*
- Human Signer for Science items
- Large Print Booklet
- [Multiplication Table](#) (Grades 4-8)
- # *Print on Demand*
- ~ # *Read Aloud ELA Reading Passages (Grades 3-8)*
- ~ # *Scribe*
- Specialized Calculator (Math Grades 6-8; Science Grades 5, 8, & 11)
- Speech-to-Text

Connecticut SAT School Day (Grade 11)

Students with Disabilities	Used for state accountability system and college admission: <i>Submit request on the SSD website</i>	
Students with an IEP or Section 504 Plan	<ul style="list-style-type: none"> • Abacus • American Sign Language (ASL)- test directions only • Braille • Color Overlay • Computer • Extra/Extended Breaks • Large Print Booklet • Magnification Device • Modify Setting • Multiplication table 	<ul style="list-style-type: none"> • Noise Buffering • Reader • Scribe • Signed Exact English -test directions and test content • Speech-to-Text (CB Assistive Technology) • 4 Function Calculator • Text-to-Speech for all test content (CB MP3 audio) • Time Extension 50% or 100% • Examples of common accommodations, the list is not exhaustive
English Learners (EL)	Used for state accountability system and college admission.	
	No need to submit request on the SSD website	Applicable only for CT SAT School Day: <i>Submit request on the SSD website</i>
	<ul style="list-style-type: none"> • Written Test Directions in: Albanian, Arabic, Bengali, Chinese/Mandarin, Gujarti, Haitian Creole, Hindi, Polish, Portuguese, Russian, Spanish, Urdu, Vietnamese Native Language Reader – test directions only Bilingual Dictionary Word-to-Word in: Languages above plus Bosnian, French, Somali, Italian, Cambodian (Khmer), Burmese, German, Hmong, Japanese, Korean, Nepali, Punjabi, Romanian, Swahili	<ul style="list-style-type: none"> • Time Extension - 50% extended time

Special Documented Accommodations

- Available to students with an IEP/504 Plan when the allowable accommodations listed in the *Assessment Guidelines* are insufficient to provide access to the assessment.
- May include, but not limited to:
 - Scribe;
 - Read Aloud of the ELA Reading Passages;
 - Print on Demand; and
 - Human Signer for Math and ELA
- Requests made by the District Administration (DA in TIDE) via phone or email to [Deirdre Ducharme](#) (860-713-6859) or [Janet Stuck](#) (860-713-6837)
 - Special Documented Accommodation forms will be sent to the DA following the initial request
 - DAs complete forms, gather appropriate documentation, and submit to CSDE for formal approval

Special Documented Accommodations

Special Documented Accommodation Deadline	Assessment
December 10, 2018	Science (Grade 11), CT SAT School Day
January 28, 2019	Smarter Balanced (Grades 3-8), Science (Grades 5 & 8) and Alternate Assessments

Note: Special Documented Accommodation petitions sent after these dates may require additional time for processing. Until approved by the CSDE, administering these tests with special documented accommodations are prohibited.

Text-to-Speech/Read Aloud Designated Supports and Accommodations

Designated Supports:

- embedded text-to-speech of test items (math, ELA [non-reading passages], and Science)
- non-embedded Read Aloud of test items (math, ELA [non-reading passages], and Science)

Accommodations:

- embedded text-to-speech of ELA Reading Passages
- non-embedded Read Aloud of ELA Reading Passages (requires submission of a Special Documented Accommodation Petition)

Visual Impairment	6	.2

Final Considerations

1. What are some tools you use to determine eligibility for the CTAA?
2. How do you use student/school/district data to guide the appropriate identification of supports in the classroom and for assessments? How does data support decisions related to the selection of designated supports and accommodations used on summative assessments?
3. How do you monitor the effectiveness of these tools?

- Accommodations: Available to students with an IEP or 504 Plan**
 - Embedded:**
 - American Sign Language (Video)*
 - Braille Embosser (Math & ELA, Contracted, Uncontracted)*
 - Braille Transcriber (ELA Listening)
 - Closed Captioning (ELA Listening)
 - Refreshable Braille (ELA, Contracted, Uncontracted)*
 - Text-to-Speech (ELA Reading Passages (Grades 3-8))
 - Non-Embedded:**
 - 100 Number Line (Grades 4-6)
 - Abras
 - Answer Response Options
 - Braille Reader
 - Braille Supplement with bubble for active read form test
 - Human Signer for ELA Math items
 - Human Signer for ELA Reading Passages (Grades 3-8)
 - Human Signer for Science Items
 - Large Print Reader
 - Magnification Table (Grades 4-8)
 - Print on Demand
 - Read Aloud (ELA Reading Passages (Grades 3-8))
 - Scribe
 - Specialized Calculator (Math Grades 6-8, Science Grades 5, 8, & 11)
 - Voice-to-Text

Additional notes: * NOT available for Science; ** Requires Trained Educator; # Requires Permission for Approval of Special Documented Accommodations. *intended for English Learners (EL); ^ NOT available for Science.

2018-19 Test Supports/Accommodations Form

This form is used to record designated supports/accommodations needed for students with an IEP, Section 504 Plan, or English Learners. Supports and accommodations must be submitted/uploaded to the Test Information and Distribution Engine (TIDE) Test Settings prior to testing.

The form is titled "2018-2019 Testing Designated Supports/Accommodations Form" and includes fields for Student ID, Student's First Name, Student's Last Name, Administrator/Designee, School, and testing preferences (e.g., Spanish Education IEP, Section 504 Plan, English Learner).

The main section is a table for "DESIGNATED SUPPORTS/ACCOMMODATIONS" with columns for subject (MATH, ELA, SC), test type (PRESENTATION, RESPONSE), and accommodation type (ALL, SPECDISM, EL). The table lists numerous options such as "Color Contrast", "Magnification", "Text-to-Speech", "Braille", "Human Signer", "Scribe", "Specialized Calculator", etc., with checkboxes for selection.

At the bottom, there are instructions for the form, including a note: "This form is used to record designated supports/accommodations needed for students with an IEP, Section 504 Plan, or English Learners. Supports and accommodations must be submitted/uploaded to the Test Information and Distribution Engine (TIDE) Test Settings prior to testing."

[2018-19 Text-to-Speech Decision Guidelines](#)

Text-to-Speech Decision Guidelines form must be completed for any student in Grades 3-8 who will receive the accommodation of Text-to-Speech or Read Aloud of English language arts/literacy (ELA) reading passages on the Smarter Balanced assessments. This form can be completed online by selecting the “*submit this form electronically*” hyperlink embedded in the form.

[2018-19 Text-to-Speech and Read Aloud Accommodations for ELA Reading Passages Flowchart](#)

New!

This new resource should be used to determine student eligibility for the Text-to-Speech and Read Aloud Accommodation for ELA Reading Passages. It also provides the appropriate procedures based on accommodation need.

Smarter Balanced Guidelines for Choosing Text-to-Speech or Read Aloud for Smarter Balanced ELA Passages (Grades 3-8)

Guidelines for Choosing Text-to-Speech or Read Aloud for Smarter Balanced ELA Summative and Interim Assessment Reading Passages for Students with Disabilities in Grades 3-8

July 13, 2015

The decision to provide a student in grades 3-5 with text-to-speech or human read-aloud accommodations for the English language arts (ELA) reading assessment passages is a significant decision, one that has possible long-term implications for the child. These accommodations are defined as follows:

Text-to-speech: Text is read aloud to the student via embedded text-to-speech technology. The student is able to control the speed as well as raise or lower the volume of the voice via a volume control.

Read aloud: Text is read aloud to the student by a trained and qualified human reader who follows the administration guidelines provided in the *Smarter Balanced Test Administration Manual* and *Read Aloud Protocol* in the *Manual's* appendix. Readers may read aloud some or all of the content to students.

The decision about providing either of these accommodations should be guided by a set of questions to determine whether it is appropriate to provide the *Smarter Balanced* ELA reading passages via the embedded text-to-speech accommodation or the non-embedded human reader accommodation.

Background

In designing the *Smarter Balanced* assessments, states agreed on the claims that the assessments were to address.¹ The reading claim, Claim #1, is:

Students can read closely and analytically to comprehend a range of increasingly complex literary and informational texts.

For students in grades 3-5, the *Smarter Balanced* ELA reading claim integrates the ability to read and the ability to understand what was read. Providing ELA reading passages via text-to-speech or a human reader to students who do not meet specific criteria² means that these combined skills are not being assessed, and no conclusions can be reached about the student's skills in these areas.

¹ The claims are identified in the content specifications for the *Smarter Balanced* ELA literacy assessment. The content specifications document is available at <http://www.smarterbalanced.org/smarter-balanced-assessment/>, under Content Specifications.

² The *Smarter Balanced* ELA reading assessment allows text-to-speech and read aloud for directions and ELA items as designated supports available to all students with documented needs. It also now allows text-to-speech and read aloud for ELA reading passages for those students with IEPs (Individualized Education Programs) that document the need for these accommodations for ELA reading passages (see the updated guidelines at http://www.smarterbalanced.org/worksheets/content/specifications/2014-08/Smarter-Balanced_Guidelines.pdf or <http://www.smarterbalanced.org/parent-student/support-for-under-represented-students/>.)

Smarter Balanced Read Aloud Guidelines (updated June 28, 2018)

Read Aloud Guidelines

READ ALOUD GUIDELINES

(Available at: <https://portal.arnetbalanced.org/library/en/read-aloud-guidelines.pdf>)

When a student cannot access text-to-speech, an embedded resource available on the Smarter Balanced assessment, the student may be eligible to work with a test reader. A test reader is an adult who provides an oral presentation of the assessment text to an eligible student. The student depends on the test reader to read the test questions accurately, pronounce words correctly, and speak in a clear voice throughout the test. The test reader must be trained and qualified and must follow the *Smarter Balanced Guidelines for Read Aloud, Test Reader* presented here. The guiding principle in reading aloud is to ensure that the student has access to test content.

On Smarter Balanced Assessments, test readers are allowable across all grades as a **designated support** for mathematics stimuli and items and ELA items as appropriate (not ELA reading passages). Test readers are allowable for ELA reading passages in addition to items as a **documented accommodation** in all grades. Note that this accommodation is appropriate for a very small number of students (estimated to be approximately 1.2% of students with disabilities participating in a general assessment). For information on documentation requirements and decision making criteria for use of test readers and all other Smarter Balanced resources please see the *Smarter Balanced Usability, Accessibility, and Accommodations Guidelines*.

QUALIFICATIONS FOR TEST READERS

- The test reader should be an adult who is familiar with the student, and who is typically responsible for providing this support during educational instruction and assessments.
- Test readers must be trained on the administration of the assessment in accordance with member policy, and familiar with the terminology and symbols specific to the test content and related conventions for standard oral communication.
- Test readers must be trained in accordance with Smarter Balanced and member administration and security policies and procedures as articulated in Smarter Balanced and Consortium member test administration manuals, guidelines, and related documentation.

PREPARATION

- Test readers should read and sign a test security/confidentiality agreement prior to test administration.
- Test readers are expected to familiarize themselves with the test environment and format in advance of the testing session. Having a working familiarity with the test environment and format will help facilitate reading of the test.
- Test readers should have a strong working knowledge of the embedded and non-embedded accessibility and accommodation options and features available on Smarter Balanced assessments.
- Test readers should be familiar with the Individualized Education Program (IEP) or 504 plan if the student for whom they are reading has access to additional designated supports and/or accommodations. This will ensure that there are plans in place for providing all needed designated supports and accommodations.
